TELEPHONE COMPANY HARD HIT BY STORM

Local Exchange Has Ninety Lines
Carrying 250 Subscribers Out of
Commission, the Worst Trouble
Experienced Since 1906.

The heaviest rain storm for years visited New England on Thursday and Portsmouth got its proportionate share. That the rain was needed no one will deny and the heavy downpour was a Godsend to the farmers, who have been complaining for some time of the dry and parched condition of farms in general.

The downpour commenced early in the morning and continued throughout the day without any cessation whatever. Many of our citizens say they do not recall a rain of recent years where the fall continued so steady during the entire day.

The total rainfall is estimated at between three and four inches, but owing to the fact that telephone service with the local pumping station was out of order the Herald was unable to obtain the figures of the rain gauge.

The rain storm worked havoc with the New England Telegraph and Telephone Company and this morning Supl. Edward H. Drew stated that ninety lines, carrying two hundred and

fifty subscribers, were out of commission. This included all of the Christian Shore circuit and the cables to Kittery and Eliot. As the communication with eastern points is reached through the Kittery cable, the company suffered great inconvenience in consequence.

Not since 1906 has the telephone company had so much trouble in this city and nothing could be done in the nature of repair work, until after the rain had subsided.

OBITUARY.

Mrs. Martha Ellen Trefethen
Mrs. Martha Ellen Trefethen, wife of Charles B. Trefethen died at her home in Rye today, Friday. She was born in this city March 30, 1857, the daughter of Nathaniel and Elizabeth Hatch. Besides her husband she leaves nine children.

Hope the weatherman has got through for awhile.

GERMANS SINK FOUR MORE BRITISH SHIPS

Submarine Warfare is Waged Successfully on Three Steamers and a Schooner, All Bound to English Ports With Cargoes--
Crews Are Saved

(Special to The Herald)

London, July 2.—The British steamers Caucasian and Inglemoor were torpedoed and sunk by a German submarine during the night. The former was a vessel of 4,656 tons and was bound from London for New Orleans when attacked. She was owned by the Petroleum Steamship Company, Ltd., and was built in 1899. The Inglemoor was a steamship of 4,331 tons and was owned by the Moor Line, Ltd. London was the home port of both vessels.

The Caucasian and Inglemoor were sunk off the Lizard, the extreme southwestern point of England, by the submarine U-33, sister ship of the U-32, which attacked and sank the steamship Armenian, causing the death of several Americans.

The Caucasian was the first attacked by the submarine. After she had been sunk, the sailors were picked up by the Inglemoor, which in turn was attacked by the submarine a short time later and sent to the bottom.

hours later. The Tower was a vessel of 518 tons.

(Special to The Herald)

London, July 2.—The British steamer Welbury, bound for England from Matanzas, Cuba, was sunk by a German submarine off the southern coast of Ireland last night. The members of the crew were landed at Castletown, Ireland, today. The Welbury hailed from West Hartlepool and was a vessel of 3,591 tons, and was built in 1907.

SUBMARINES STILL AT WORK
(Special to The Herald)

London, July 2.—The British steamships Argyl and Tunisiana have been sunk by German submarines, according to advices received here today. The Tunisiana was torpedoed on June 23 by a submarine, but was beached near Lowestoft and subsequently repaired. She was a vessel of 4,220 tons and plied between England and Canada. The Argyl was of 3,487 tons and hailed from Newcastle, England.

GERMANS CONTINUE

ADVANCE ON WARSAW
(Special to The Herald)

Petrograd, July 2.—Field Marshal von Mackensen has suddenly determined to make a sensational coupe in the direction of Warsaw, according to latest reports received by the war office today. The German commander has sent his main army toward Cholm. His purpose is apparently to capture the Russian railway lines on which Ivangorod depends, and the advance to the railway that reaches Warsaw, completing an investment of both the fortresses of Ivangorod and Warsaw. The Russians are falling back toward Cholm, resisting every foot of advance.

GERMAN AERODROME
REPORTED DESTROYED
(Special to The Herald)

Amsterdam, July 2.—British aviators are reported to have destroyed the German aerodrome at Gistel, near Ostend, with 15 bombs.

DESPERATE FIGHTING
IN PROGRESS
(Special to The Herald)

Rome, July 2.—Desperate fighting is in progress around Gorizia on the Isonzo river where the Italian troops are struggling to open the way to Trieste. The Italians dominate the heights on the western side of the

STATE DEPARTMENT HAS NO INTENTION

Of Sending Special Note to Great Britain Dealing With the Misuse of the American Flag.

(Special to The Herald)

Washington, July 2.—The state department today denied that it had any immediate purpose of sending to Great Britain a special note dealing with the misuse of the American flag by British merchantmen seeking to avoid German submarine attacks.

The note which the department has been preparing to send to Great Britain setting forth the complaint of this government against British interference with American commerce touches upon the misuse of the flag as well as upon the seizure of American cargoes consigned to neutral ports.

PRESIDENT MAY PROLONG HIS VACATION

Latest Official Advices From
Washington Are
Reassuring.

(Special to The Herald)

Cornish, July 2.—President Wilson today found the latest official advices from Washington so reassuring that he took under consideration the question of prolonging his vacation for a week or more.

Inclement weather again made golf impossible, so the President bickered down to work in his study after he had his breakfast. Later in the morning he took a brisk walk. He has not yet begun work on the proposed note to Great Britain relative to shipping interference and probably will not do so until after he returns to Washington.

ZEPPELIN AEROPLANE EXPLODES

And Crew of Twenty-Six Men
Said to Have
Perished.

(Special to The Herald)

Amsterdam, July 2.—A Zeppelin aeroplane exploded Wednesday while leaving its shelter at Brussels, and was completely destroyed, according to a report received here. Every man in the crew of twenty-six is said to have perished.

NO BALL GAME

There will be no baseball game this Friday evening as the playground is still covered with water from yesterday's rain storm.

Isonzo, but the Austrians are making frequent attacks in an attempt to dislodge them. Reports received from the front today state that in the fighting of Wednesday alone the Austrians repulsed in their attacks, left 1200 dead on the slope of the heights.

FRENCH HAVE

REPULSED ATTACKS

(Special to The Herald)

Paris, July 2.—Crown Prince Frederick William is continuing his efforts to pierce the French army in the Argonne region. Heavily reinforced by the finest Prussian troops, his army is maintaining its attacks but the French claim to have repulsed them all. The official statement characterizes the fighting of last night in the Argonne as most violent. In their attacks the Germans used bombthrowers and poison gas.

CANADIAN OFFICERS TESTIFY

(Special to The Herald)

New York, July 2.—The state today produced its first witness in the Harry K. Thaw sanity trial to prove that the slayer of Stanford White is insane and should be returned to Matteawan. Policeman Frank McFadden of Coaticook, Quebec, and his superior, Inspector Groux who became involved in the Thaw case when Thaw escaped from Matteawan in 1913 and fled to Canada.

Both testified that they believed Thaw irrational. They told of Thaw throwing a beer bottle through a window of the Coaticook jail and of other outbreaks.

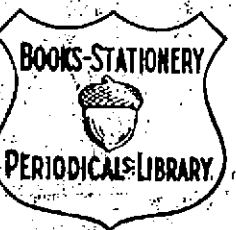

Groux said he considered Thaw a dangerous man. On cross examination he had to admit that all of Coaticook was greatly excited on the day that Thaw was deported.

A mass of documentary evidence relating to Thaw's efforts to obtain freedom through habeas corpus proceedings were introduced.

The police department is arranging for the usual number of special officers.

NO TIME LIKE THE PRESENT

Warner's Rust-Proof Corsets

Every successful gown and dress shown in the fashion displays this year absolutely demands a corset to set it off.

The so-called "corsetless" figure has passed. Dress this year demands a shaped waist line and flat silhouette in front and back, and this is not possible without a corset.

show every feature necessary for current styles.

Fashionable bust heights run slightly higher than a year ago, but are well goared to support the upper figure without confining it. Skirts are a trifle shorter and the waist line gives indications of a fitted snugness. Yet the garment is comfortable and easy as you wish.

THERE IS NO TIME LIKE THE PRESENT

for selecting your Warner's Corset. Our stock is complete with varied models for every type of figure. May we expect a visit today?

EVERY PAIR GUARANTEED.

Cor. FLEET AND CONGRESS STREETS

PORTSMOUTH YACHT CLUB PLANS MANY FINE EVENTS

Will Entertain Bay Haven Yacht Club—Plans Complete For the Holiday

At the meeting of the special committee held last night at the Portsmouth Yacht Club, arrangements and plans were completed for the entertainment of the Bay Haven Yacht Club of York and the date was set for Sunday, July 18.

The Portsmouth fleet will get underway at ten o'clock and will proceed north as far as the "East Sister" rock on the Kittery side just beyond Whalesback light where the fleet from the Bay Haven Club will be met. The combined fleets will sail back into the little harbor at Port McClary, where a landing will be made about noon.

Dinner will be served at the fort, after which athletic games will be in order during the afternoon. A baseball game between teams of the two clubs will be played.

The return run will be started at 4.00 p. m., the Portsmouth fleet acting as escort to the Bay Haven fleet as far as the point where they were picked up in the morning. The Portsmouth club will then make their return to this harbor.

The committee in charge of the arrangements is composed of Com. L. W. Ashworth, Charles Hatch, Frank Wanser, Robert J. Boyd and Charles E. Bailey.

In a statement made last night by the commodore of the club, he said that there was considerable misunderstanding as to the plans for motor boats on July 18th. The motor boat sports are divided into two distance events, a race in the morning for boats of the club only and the parade of decorated motor boats in the afternoon that is open to all boats, whether their owners are members of the club or not.

The motor boat race in the morning will be started from Stewart's wharf at nine o'clock and will be run under the rules of the "Bang-and-Go-Back" style. Mr. Ashworth explained that this method was in his opinion the only correct method to race motor boats of different types and sizes of engines. The boats are to make a start, crossing the line with the firing of the gun. They will all go in one direction and continue on a set course until a second gun is fired. With the second gun all boats, no matter what their position in the race, are to turn and make the run back to the point of starting. As none of the contestants will know the distance to be traveled or the time between the firing of the two guns the conditions of the race make all boats of equal value.

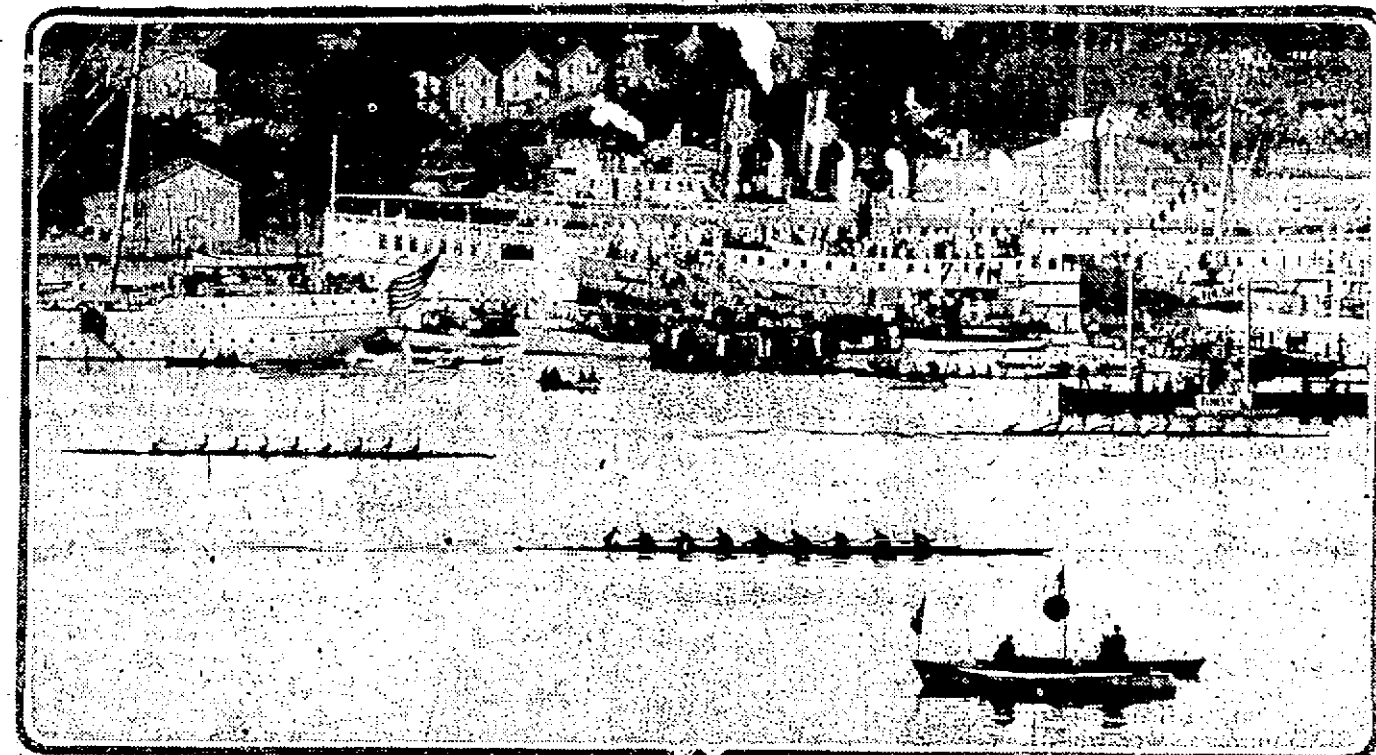

The parade of the decorated boats will be held off the club house at four o'clock in the afternoon. It is the desire of the officers of the club to have as many boats enter as possible. The cups and other prizes for the race and the best decorated boats and for the winners in the race will be on exhibition in the windows of Robinson's jewelry store this afternoon and Saturday.

The races planned for the late afternoon will be started at 6.00 o'clock. There are three 12-oared barges entered, one from the U. S. S. Sonthery, one from the U. S. S. Topeka and the third from the U. S. S. Montana. This event should attract the widest attention as there has been no rowing races pulled on the river for some years.

CHAMPION WILLARD STILL A GOOD FELLOW

When a man combats a cause and by successful competition against all rivals, reaches the goal that permits us to label him Champion—Champion—what a euphonious ring the old name echoes in our hearing—what a title deeds it brings to mind. The title bearer on whom the appellation is fittingly applied must feel himself something out of the ordinary rank in which the average mortal treads through life. Yet in the midst of the greatest and most marvelous series of demonstrations of hero worship in which Jess Willard finds himself at the present time, he remains the same smiling, good natured, six foot six of humanity he was previous to his wrecking, for all time, the black man's champion of ever enjoying the premier honors in distilla again. He acts and feels just as he did before the Havana encounter. His first remark, after the fight was over, "Wish I could tell the wife and kiddies all about it right now,"—what a wondrous, beautiful story those few words convey—the wife and kiddies—Jess Willard—Prize fighter. By some who are not familiar with the real calibre of the man, who do not separate a fistie encounter in the prize ring, from a brawl in a bar-room, his calling is looked down upon as brutal and demoralizing. Never was a profession more unjustly criticized. Of all the occupations none requires

Leland Stanford's Showing Most Remarkable Feature of Great Rowing Regatta on Hudson

Poughkeepsie, N. Y., July 2—Those who were fortunate enough to have witnessed the 1915 Poughkeepsie regatta will not soon forget that thrilling finish of the feature of the event, the first varsity eight oared race. The most remarkable feature of the event was the showing of the Leland Stan-

ford crew, the only western entry in the regatta. Picked by the experts to trail the other crews the coast boys went into the race and forced the race over the entire course and bowed to the Cornell crew only because they had not the strength for a last desperate effort which would have pushed them across the line in front. Cornell was the dark horse of the event and her victory was therefore not exactly a surprise. Neither was Syracuse in third position, or Pennsylvania in last place. Columbia however was a bitter disappointment. Coach Rice's crew was the choice of both experts and rowing fans, but the Columbians pulled a poor stroke and finished a bad fourth. The illustration shows how closely the first three crews were bunched.

BOXING NOTES

GILBERT GALLANT AND JOE RIVERS MEET IN BOSTON NEXT TUESDAY

Attention, boxing fans! The Atlas A. A. has good news for you all. The directors have secured under additional heavy expense a time extension in which they will be able to hold boxing entertainments at the splendid Boston Arena on St. Botolph street, the present quarters, and best appointed place in the country today for sports of any branch, right out to December.

Last week's heavyweight bout between Sam Langford and Sam McVea was just what the sports wanted for a change. Variety in any sport is liked best by the sports and it has been the aim of the directors of the three A. club to give its members the spiciest kind of bouts. This they appear to have mastered and for next Tuesday night will offer a lightweight contest between Gilbert Gallant of Chelsea, and Joe Rivers, the Mexican. By mixing up the bouts the club is acting judiciously. Welterweights held the stage a few weeks ago and now comes another bout in the class that fans are inclined to pay the greatest attention to. Lightweight fighters and heavyweight battlers enjoy almost similar popularity with the sports. The boxers who display a lot of action are the fellows that please the sports. Joe Rivers and Gilbert Gallant

are boxers whose style appeal strongly to the fans, for the prime reason that action from going to going has featured every fight each of them has ever taken part in. There never has been a case on record where Rivers or Gallant have ever failed to please the fans with the boxing they did. They may not have won all their fights, but what does that amount to when the fact is taken into consideration that they fought all the time, and although defeated were by no means disgraced.

Gilbert Gallant never balked at a meeting with anyone his manager has picked for him. In meeting Joe Rivers, Gallant will face a lightweight who has had the experience that fits him to fight any lightweight in the world. Rivers has been against the best men in the lightweight class, meeting with varied success. Twice he fought Ad Wolgast when the latter was champion and these battles are registered on the pages of boxing history as the greatest lightweight fights of modern time. Willie Mitchell, Leach Cross, Willie Beecher, two fights with Johnny Kilbane and Joe Mandat three times, were some of the fights that led sporting men throughout the country to tag him the nearest approach to the wonderful Aurelio Herrera. So much for Rivers.

All the good features for which he is known will be exploited and it is certain they will have to come early when he encounters the sturdy-galleted and willing Gallant. Gilbert has been unlucky lately. Two matches have been called off by his opposing principles, and Joe Rivers will be the first one that Gallant will have a chance to demonstrate his improved form on brought about from his long siege of conscientious training with the clever welterweight, Mike Glover.

Rivers and Gallant are looking forward to a meeting with Charley White, the hard-hitting Chicago lightweight who meets Edwina Saylor here one week from next Tuesday night. The winner of the former bout will in all probability meet the winner of the Saylor-White bout. It has been Gallant's ambition to secure a meeting with White, but his manager has been keeping him away from White until he was sure that he was right. Gallant maintains that White cannot hit him at will like he has some of the others he has fought and many fans will share the same opinion with Gallant. The entire affair will have Willie Green meeting Charley Sheppard of New York in a six round bout. This bout will be for the 125 pound championship of the South End, a title that has been hanging in abeyance ever since Green started boxing professionally.

Secretary Ivy Lewis can be found at the offices of the club, 1160 Washington street, every day between the hours of 10 and 3 p. m., to answer the requests for reservations which have begun to arrive already for next week's extra strong program of boxing.

The Board of Trade is asking that you display an American flag during the time the Knights of Pythias are here and over the holiday. You can secure one by clipping the coupon from this paper six days in succession and paying 50c at the office. There are still a few left.

Read the want ads.

WITH THE SPORTS

New York, July 2—Has the miserable 1914 showing of the Giants reduced the McGrawian temperament? Has it shut out the old McGraw fire. Has it taken the heart and the spirit out of the one time peppery New York chief?

These are the questions that fans around the national league cheerfully ask. And they ask because the John McGraw of today seems totally unlike the John McGraw of other years. The present day McGraw seems too reduced and meek to make the fans think that anything other than a great change has come over him.

McGraw this year seems to have abandoned his favorite stunt—heckling the naphres. "Time and again decisions have been made against the Giants that would have called for a wild roar and a vigorous protest from the McGraw of other years. But on the majority of occasions the McGraw of today did nothing other than to make a mild protest and in some cases no protest at all.

It is the slump of the Giants taken the punch and the kick out of McGraw—or did Johnny Tenner give Johnny McGraw a quiet little lecture and warning at the season's outset?

It seems that the best way in which to get Ty Cobb to show superhuman skill is to tell him that somebody is better in one or another departments of the game than he is.

A couple of years ago when Joseph Jackson began clubbing them for a mark around 400 someone said to Ty:

"Jackson's going to beat you out on batting this year. He's hitting .413 now."

"That's 70.413 hey. That's quite a healthy average," answered Ty. "But Jackson won't beat me out. If he bats .500 I'll bat that mark."

That fellow Mabel of the Yanks is the greatest baserunner in the American league," Ty was told during the spring.

"Mabel is fast, but he's not the fastest," answered Ty. "I'll try to demonstrate for you during the 1915 season."

And Ty Cobb certainly is demonstrating. He has stolen 41 bases in 62 games, an amazing average. If he maintains that average until the end of the season he will have stolen about 105 bases, which would bust all modern records.

Grover Alexander isn't the only reason why the Phillies remain in the lead in the National league fight. There are at least two other reasons known as Luderus and Cravath. The latter is the home run king of the old league. Cravath is batting only .256 and has made only 51 hits, but a large proportion of those were triples and home runs that came at the most timely moments. Luderus, always a fine cluster has hit at a .350 clip to date and he leads the league. With Luderus and Cravath armed with bludgeons and Alexander armed with his Mauser bullet ball the Phils look able to take

GREATEST IN AMERICAN HISTORY

A Trade Balance of a Billion Dollars Despite a Year of World War.

Washington, June 30A billion dollar trade balance—the greatest in American history—in a year which has seen commerce depressed by 11 months of world war, is the commercial record of the United States. Official announcement was made today at the Department of Commerce, that with the closing of the fiscal year at midnight, it was certain that the billion dollar mark had been passed.

"The figures for 11 months ending May 31," it was announced, "show a favorable balance of \$933,117,479. As 13 ports which ordinarily handle 90 per cent of the country's foreign trade show for June an export balance of approximately \$60,000,000, it is now known that the excess of exports over imports has at this date exceeded \$1,000,000,000, surpassing by nearly \$100,000,000 the highest record heretofore made."

Figures indicating that the new high record would be made have been placed before President Wilson and the cabinet from time to time by Secretary Redfield. Only today's official announcement was lacking. Generally, the showing was considered all the more gratifying because it was made despite the paralysis of ocean shipping and the stagnation in the cotton market which depressed America's second most valuable export.

Department of Commerce experts point out that the immense trade balance is not owing to the orders for munitions of war. In fact, manufactures generally other than foodstuffs have been less than in the similar period before the war.

The movement of gold between the United States and the outside world which at the beginning of the war was a subject of great concern, has been reversed in overwhelming ratio, and represents payments for American exports.

There are now two more postponed games added to the list to be played by the teams of the Sunset League.

NOW DR. SAWYER.

Portsmouth Boy Honored
With Degree of M.D.M.
at Harvard.

The friends and acquaintances of Walter Henry Sawyer, a native of this city, now of Lynn, are decidedly pleased in the success of the young man, who was honored on Thursday by the degree of D. M. D. at Harvard Dental college.

Dr. Sawyer is the son of Mary H. and Walter M. Sawyer for many years residents of Portsmouth. The junior Sawyer attended the Whipple and Portsmouth High schools until the family took up a residence in Lynn, where he graduated from the Corbett school of that city in the class of 1908 and from the Lynn English High in 1912. He entered Harvard in the same year and made rapid progress in all his studies.

Dr. Sawyer possesses a magnetic personality, and while at college was prominent in social and fraternal circles. He is a member and past grand master of the Psi Omega fraternity, a member of the Harvard Lowell Research Society and the Lynn Harvard Club.

Dr. Sawyer will be associated with Dr. V. D. Morrow at 445 Monroe street, Lynn.

FUNERAL NOTICE

Funeral services of Mrs. Louise Sawyer will be held at the People's Church, Pearl street, Saturday afternoon at 2 o'clock.

The extreme South End of the city will undoubtedly be the attraction for the coming Saturday. Sunday and Monday. The arrival on the former day of one or two thousand uniformed men from all parts of New England for a week's outing, and their encampment, with a number of bands, on Pierce's Island will be sure to attract the people.

THIS COUNTRY MAY SEND HELP TO MEXICO CITY

Misery Is Increasing and Officials Are Considering Relief Measures.

Washington, July 1.—Faced with unparalleled conditions of famine and misery in Mexico, threatening the safety of foreigners, officials of the United States were given serious consideration tonight to measures of relief.

Long dispatches sent by courier to Vera Cruz by the Brazilian minister at Mexico City were before Secretary Lansing here and President Wilson at Corning, N. H., who may authorize an effort to obtain the consent of Gen. Carranza to send supplies into the old capital through neutral agencies. The influence of the diplomatic corps in Mexico City is being counted on to provide for the removal of foreigners from danger zones of the fighting.

"Only the opening of the railroad from Mexico City to Vera Cruz," said one of the Brazilian minister's messengers, "can bring relief to the situation."

The dispatches, the first the department had received in nearly two weeks from the Mexican capital, revealed that while the cable from the city was not cut, Carranza authorities refused to permit messages to pass. It is understood inquiry will be made by the United States of General Carranza to learn the responsibility for the stoppage of diplomatic communications.

While it appeared today that the Zapata forces still were in control of the capital, fighting was continuing in the outskirts of the city against the reinforced columns of Gen. Pablo Gonzalez, the Carranza commander.

Continued success by the Zapata forces in repelling the entry of Carranza's forces into the capital has deadlocked operations in the south, while in the vicinity of Aguascalientes General Villa claims to have retaken Lagos and defeated General Hill who succeeded Obregon to active command of the Carranza forces. This report is contradicted by Carranza officials, who declare Obregon is having continued success.

Efforts to restore peace wait to some extent upon the return here of President Wilson, although the outcome of the military situation in the next few weeks will have an important bearing on the problem.

CARRANZA TROOPS CLOSE TO CAPITAL

Mexico City, June 27, by wireless. via steamship. City of Mexico, to New Orleans July 1.—Repeated at-

tempts made by the Carranza army directed by General Pablo Gonzalez, to capture Mexico City have failed so far and the forces under General Zapata and Gonzalez Garza claim to have had the advantage in the fighting.

The Carranza army penetrated to the city but was driven back, and the Zapata forces say the Constitutionalists have received a definite check. Looting is feared by the merchants should the Constitutionalists capture the city. All business establishments have been barricaded.

The members of the diplomatic corps are meeting daily in an endeavor to protect the lives of foreigners. The shortage of food is serious. Forty thousand poor were in the line in front of the international relief offices today.

The convention government archives and treasury funds have been removed to Cuernavaca, forty miles south of the capital. A train is being held in readiness to take the officials of the government to the southern town should the Constitutionalists enter the Federal district.

THE EAGLE WILL SCREAM

Celebration Plans Are Well Under Way for the "Fifth."

The committee on the Fourth of July celebration made a live move in erecting the large signs at the corner of Daniel street and Market Square. These signs announce a good part of the program beginning at midnight on Sunday and continuing till the midnight hour on Monday. It is going to be a big celebration and will duplicate the excellent program carried out on New Years. The old city is never wanting in patriotism and has always made a grand success of all celebrations for the past 100 years. That of July 5, 1915 will be no exception.

PERSONALS

Miss Roberta Pickering spent Tuesday in Boston.

Mr. Bailey V. Emery is visiting in Brookfield, N. H.

Dana W. Baker of Exeter was a visitor here today.

Mrs. P. M. Robinson has been spending a few days in Boston.

Dr. George H. Cupplill of Raymond was a visitor here on Thursday.

Mr. and Mrs. W. T. Miskell are occupying the Young cottage at Wallis Sands.

Dr. A. J. Herrick of Belling, formerly of this city was a visitor here on Thursday.

Frank Day, janitor of the Granite State Insurance Company's building is taking a vacation.

Wallace D. Smith of the Granite State Insurance Company's force is taking his annual vacation.

B. Scott Owen and family of Concord are occupying the Rollins cottage on Moore's Island, Kittery Point.

Harry E. Tolles leaves on Saturday for South Norwalk, Conn.; where he will pass a week at his home.

Mrs. Flora Dimick is enjoying a vacation from her duties at the Granite State Insurance Company's office.

Mr. and Mrs. James Morrison of Hill street are receiving congratulations on the birth of a daughter born Thursday morning.

Mrs. Wallace D. Smith of Wilbur street who has been at the Portsmouth Hospital for treatment leaves that institution on Saturday.

Winthrop L. Marvin of Newton arrived this Friday afternoon to pass the week-end and holiday with his family who are summering at Marvin's Island.

Mrs. Thomas C. Leckey of Sagamore avenue who recently underwent a surgical operation at the Portsmouth Hospital has so far recovered as to be able to return to her home on Friday.

KITTERY POINT

Mr. and Mrs. Charles Dodge of Salem, Mass., are passing a few days at their home here in town.

Mr. and Mrs. Walter Bryant and children have returned to their home in Boston after passing a few days with Mr. and Mrs. James Coleman.

Will the Police Commissioners give the city more protection at night? The men on the force are doing all that is possible, but they have more territory to cover than they should.

Visit the Pontiac Show at John F. Hill Grange, Fair, Ellis, Me., August 11, 12, 13.

Dealers are getting in a good supply of cornfl.

ARMENIAN DID NOT HEED SIGNAL TO HALT

Capt. Trickey Admits He Offered Fullest Resistance to Submarine.

London, July 1.—Captain Trickey of the Armenian, in an interview today said he had surrendered to the German submarine when the freighter was afire in three places and after the ships engines had been put out of action and a dozen members of the crew had been killed by shrapnel fire. Most of the members of the crew who perished, Captain Trickey said, were Americans.

"The submarine, as a signal for us to stop," said Captain Trickey, "fired a couple of shots over our bows when we were four miles off. I put my stern to him and ran for it."

"The submarine then began to shell us in earnest, the shrapnel bursting all around us, killing several of the crew and knocking others overboard. I soon realized that the enemy was gaining on us, but I did not propose to surrender without a struggle. But my steering gear was soon hit and placed out of commission. Then a shell fell into the engine room and another carried the Marconi house away. Still another cut down the funnel and disabled the stokers, preventing them from keeping steam up."

"By this time the ship was on fire in three places and I decided to surrender. We had resisted the enemy for an hour, and 12 or 13 men lay dead on the deck."

"The submarine commander then forced me to clear ship and in seven minutes past eight the Armenian went down, shattered by two torpedoes."

"I must say that the submarine commander showed us every fairness after we had given up, picking up many of the crew, who because of a damaged boat, had fallen into the water. Most of the crew who perished were Americans."

NAVY YARD NEWS

Launching Is Delayed

Because of the inability of President Charles M. Schwab of the Fore River Shipbuilding Company to be present, the launching of the two submarines built for the Electric Boat Company, the H-13 and the H-14, was yesterday postponed.

It was announced from the Fore River yards that the H-13 will be launched today and that Saturday the H-14 will slide into the water.

Secretary Roosevelt Has Appendicitis

Franklin D. Roosevelt, Asst. Secretary of the navy was operated on for appendicitis on Thursday at the Naval Hospital, Washington. He was stricken with an acute attack at his home and, soon afterward, was rushed to the hospital. Physicians said the operation was entirely successful and that Mr. Roosevelt probably would have a rapid recovery.

Quiet at New York Yard

Only two big ships remain at the New York yard. They are the New York which will remain until August 1, for engine and gun repairs, and

AUCTION OF STANDING GRASS

At the Winchester Farm LAFAYETTE ROAD, ON Saturday, July 3, 1915, At 10 O'Clock A. M.

Lot 1.—Estimated to contain from 15 to 17 acres, is situated on the south-westerly corner of the farm and is bounded northerly by the lower entrance road leading to the farm buildings from the road, easterly by wall or fence, southerly by wall or fence running to road, and westerly by Lafayette road.

Lot 2.—Estimated to contain 20 acres, is bounded northerly by the upper entrance road, easterly by wall or fence, southerly by Lafayette road, and westerly by lower entrance road.

Lot 3.—Estimated to contain 16 acres, bounded northerly by the upper entrance road, easterly by buildings, including grass westerly of buildings, southerly by lower entrance road, and westerly by division ditch.

Lot 4.—Estimated to contain 20 acres, is the southeasterly field, easterly and back of Lot No. 1, bounded northerly by wall at barn, southerly by wall or fence, easterly by fence or wall, and westerly by easterly bound of Lot No. 1.

Lot 5.—Estimated to contain 10 acres, is bounded northerly by lane, easterly by wall or fence, southerly by wall or fence on northerly side of Lot No. 3, and westerly by farm road.

Lot 6.—Orchard, estimated to contain 2 acres, bounded northerly and easterly by pasture, and westerly by buildings.

There are two barns on the farm, temporary use of which will be granted for the storage of hay at purchaser's risk, until January 1, 1916, provided, the farm is not disposed of, in which case the hay must be removed, unless the arrangements can be made with the new owner for further occupancy. Mr. John Jellison or the auctioneer will give further information.

Terms—Cash paid to auctioneer at time and place of sale.

By Order of Winchester Estate, C. DWIGHT HANSCOM, Auctioneer.

the Maine. The Maynard, a destroyer, practically will have to be rebuilt. Work on the Arizona is being rushed. Progress on the California was increased with the completion of contracts with the General Electric Company for the building of the engines.

To Dock on Wednesday
The North Carolina will go into dry dock on Wednesday next for painting and work on sea valves.

Ten Days' Leave
Paymaster G. P. Dyre has been granted a ten days' leave of absence beginning on Monday.

Notices Posted
The customary notices of closing of the yard on Monday, July 5th, and the usual holiday yard program for that day were posted today.

Help for Boiler Shop
One boilermaker and four helpers for the boiler shop were called today in the Industrial Department.

Spring a Surprise
It was announced on Thursday that Naval Constructors J. B. Otterson and W. H. Ferguson have sent their resignations to Secretary Danley. The news surprised the men of the construction corps. Mr. Otterson has been at the Brooklyn yard for eight years. He has not revealed his reason for leaving the service. Mr. Ferguson has been connected with the secretary's office in Washington.

Want New Survey Ship
The treasury department will shortly ask the navy department to submit figures for the building of a coast survey ship for which \$12,000 has been appropriated. Portsmouth yard, will be expected to be requested to make an estimate for the construction of this vessel to be known as the Surveyor and to be used on the coast of Alaska.

GOV. TALKS ON THE APPOINTMENTS

In response to the requests from the press for a personal statement concerning the circumstances attending the appointment of the state excise commission, Governor Roland H. Spaulding has given out the following:

"In view of the fact that the public seems to understand the action of the council in the matter of the appointment of an excise commission, no personal statement from me in regard to it appears necessary. The record speaks for itself so far as the Republican appointments are concerned, and I am content to rest my case on that record. The fact that in the case of Mr. Edmund Sullivan the majority of the council did not

Hello! Hello! Hello!

Are You Prepared for the 4th?

If not let me give you a tip. Have a pair of white or striped pants, a thin coat and a nice style plain or fancy shirt. A nobby tie and a straw or soft hat. and a pair of Raiston shoes, and you are in condition to celebrate.

We clothe you from head to foot, and if you travel, can fit you out with bag, suit case or trunk.

Our suit department is filled with pleasing styles.

GET THE FLAG OUT OVER THE HOLIDAY

Board of Trade Makes Request That Merchants and Residents Make City Gay With Bunting

The Portsmouth Board of Trade has suggested that the merchants and residents of the city display all the flags and bunting during the visit of the Knights of Pythias and over the celebration of Independence Day that they can. Portsmouth is one of the oldest cities in this country. It is a city that is rich in history both during the formation of the republic and during the several wars that have taken place since that time. There are few cities in these United States that have added more to the history of the nation and yet, after the observation of "Flag Day" last month, a veteran of the Civil War lamented in the columns of the press on the lack of display of the national emblem throughout the city.

The Knights of Pythias will come to our city for their convention on Saturday. The uniform rank of the order is a military body that is recognized by the war department of the United

States. During their stay with us the entire nation will celebrate the country's birth. The display of the flag that the men of Portsmouth fought and died for is little enough to ask of the citizens. The city will be filled with visitors from all parts of the country over the holiday. The Board of Trade is simply asking that each and everyone do their part in the effort to show that patriotism and respect and love for the flag is not dead in Portsmouth.

The summer visitors to Portsmouth and vicinity are expected to come in large numbers today and tomorrow for over the holiday. There is a large party of more than 200 who will go to the Isles of Shoals to spend the day. There are many visitors expected at the Westworth and the Rockingham and hundreds of auto parties will pass through the city. Make it a gay day with flags and bunting. The appearance of the city will be greatly improved.

SECURED GOOD BOARD SAYS GOVERNOR SPAULDING

Concord, July 1.—There have been rumors prevalent that Governor Roland H. Spaulding was to issue a very drastic statement relative to the appointment of the license commission. Those who have looked for such a document are to be disappointed. The refusal of the council to confirm the appointment of Edmund Sullivan of Berlin, the governor has only praise for the work accomplished, and even the governor's words up his statement, stating that the commission is named is a good one.

The statement of the governor,

friendly in tone, conservative and praiseworthy in its language, is as follows:

"In view of the fact that the public seems to understand the action of the council in the matter of the appointment of an excuse commission, no personal statement from me in regard to it appears to be necessary. The record speaks for itself, so far as the Republican appointments are concerned, and I am content to rest my case on that record. The fact that in the case of Mr. Edmund Sullivan the majority of the council did not abide by their agreement, to make a fair investigation

tion into the record of Mr. Sullivan as a commissioner and to abide by the results of that investigation, is not of interest to the public. My primary concern, to secure a good commission, has been accomplished."

CITY BRIEFS

Salmon at Clark's branch.
The grand finale in the Portsmouth Theatre is one due soon.

There will be a ball game this evening—if it doesn't rain.

Auto truck furniture moving to Margeson Brothers, Tel. 570.

Many of the telephone lines have been out of commission the past two days.

Some of the country roads already present the appearance of a scene to Holland.

Yesterday's rainfall was the heaviest for years and the ground got a good soaking.

Although the playgrounds opened on Thursday no big rush in that direction has occurred yet.

The killing of Americans on the Dominion line will not serve to soften the feeling between the United States and Germany.

Only a few days before the Fourth, bring your coupons and 50c to this paper, and get a beautiful American flag, 4 ft. by 6 ft., sewed stripes, and fast colors.

Bolled and live lobsters at Clark's branch.

Space for autos out of the New Castle bridge roadway on Marvin's Island has been secured by the local Pythian order for the use by visitors to their big New England Encampment.

The Cadillac V-type engine is just one year in the lead, in point of development, over all other American V-type engines. Compare it with others who have copied.

Auto drivers are requested not to block the bridge roadway across Marvin's Island during the Knights of Pythias Encampment on the adjoining island.

Order your ice cream for Fourth of July of Nichols, corner of Congress and Fleet streets early and avoid disappointment. Tel. 142 W.

The heavy rain storm on Thursday evening seriously interfered with traffic on the local street railway, cars running much behind schedule time.

A hop was given at the Ocean Wave House, North Rye Beach on Wednesday evening that was attended by a number from this city. The house has its own orchestra the present season.

Lawn mowers takes part, both out on ground, all bearings oiled, and adjusted, \$1.00; grinding the cutters, 36c to 50c; rollers ground, 4 pr for 25c; knives ground, 4 for 25c; Val keys made while you wait, \$1.75 per dozen; common keys, 15c, two for 25c; saw filing; umbrella repairing; razors honed. W. Horne, 33 Daniel Street.

Pierce's Island has been made available at all stages of the tide via the first New Castle toll bridge, which will charge but a single fare for both ways for foot-passengers; thence from Marvin's Island by a foot-bridge some 400 feet in length just completed by the local Knights for the expected thousands of both guests and visitors.

ALL GALLIPOLI ONE ENORMOUS FORTRESS

Allies Engaged Against Turks in Desperate Struggle-- Germans Fail to Land Troops at Windau-- Make Gains in the East.

London, July 1.—After a trip under Turkish auspices along the whole line of forts guarding the Dardanelles, the Constantinople correspondent of the Daily Telegraph declares that it is impossible to expect a speedy forcing of the Straits by the Allies.

"The Turks have taken advantage of the past three months to increase immensely their defensive resources until the whole path which the Franco-British must travel is one great fortress bristling with artillery, crowded with troops excellently trained, well equipped and undeniably brave," says the correspondent. "The presence of numerous German officers and men is a guarantee that all the preparations are being made with the utmost thoroughness. The forts are all built along the same lines, the walls being raised about thirty feet above the foundations and constructed about sixty feet deep of earth, with usually eight embrasures with a six-inch gun in each. These guns are of the old type and lack the rapid-fire features of the most modern artillery, but this is no great handicap in operating against ships in the narrow passages. The ships' shells have no appreciable effect on the fortresses unless they make a direct hit on the gun embrasures, which is difficult marksmanship.

"The Turkish troops outnumber the Allies in Gallipoli two to one, and have all the advantage of salient positions."

Open with Bombardment
The text of the British official statement regarding the operations of the Anglo-French forces against the Dardanelles follows:

"General Sir Ian Hamilton reports that the plan of operations on June 25 was to throw forward the left of his line southeast of Krithia, pivoting on a point about one mile from the sea, and after advancing on the extreme left for about half a mile establish a new line facing east on the ground thus gained. This plan entailed the capture, in succession, of two lines of Turkish trenches to the east of Saghir Dere and five lines of trenches to the west. An Austrian corps was ordered to cooperate by making a vigorous demonstration. The action opened at 9 o'clock with a bombardment by the heavy artillery. The assistance rendered by the French in this bombardment was most valuable.

"At 10.30 a. m. the field artillery opened fire to cut the wire in front of the Turkish trenches. This was effectively done and its effect on one of the enemy's trenches near the sea was great. The very accurate fire of the cruiser, Talbot, and the destroyers Scorpion and Wolverine succeeded in keeping down his artillery fire from that quarter. At 10.45 a. m. a small Turkish advanced work in Saghir Dere, known as the 'boomerang' redoubt, was assaulted. This little fort, which was very strongly sited and protected by extra strong wire entanglements, had long been a source of trouble.

Infantry Advances
"After a special bombardment by a French mortar and while the bombardment of the surrounding trenches was at its height, a part of the border regiment at the exact moment prescribed leaped from their trenches as one man like a pack of hounds pouring out of cover and raced across and took the work most brilliantly. The artillery bombardment increased in intensity until 11 a. m., when the range was lengthened. The infantry then advanced and an infantry attack was carried out with great dash along the whole line. West of Saghir Dere, three lines of trenches were captured with little opposition. The trenches were full of dead Turks. Many had been buried by the bombardment. One hundred prisoners were taken. East of the ravine, the Royal Scots made a fine attack, capturing two lines of trenches, which had been assigned as their objective, but the remainder of the brigade on their right, met with severe opposition and was unable to get forward. At 11.30 o'clock the Royal Fusiliers led its brigade in the second phase of the attack to the west of the ravine. The brigade advanced with great steadiness and resolution through the trenches already captured and on across the pene, taking two more lines of trenches, and reached the objective allotted to them; the Lancashire Fusiliers including half to the right and forming a line to connect with our new positions east of the ravine.

"The northernmost objective had now been obtained but the Gnykhas pressing on under the cliffs, captured an important knoll, still further forward, actually due west of Krithia. This they fortified and held during the night, making our total gain on the left precisely 1000 yards. During the afternoon, the trenches, a small portion of which remained unoccupied on the right, were attacked but the en-

emy held on stubbornly, supported by machine guns and artillery, and the attacks did not succeed. During the night the enemy made a counter-attack on the furthest trenches gained but was repulsed with heavy loss. A party of Turks who penetrated from the flank between the two lines of captured trenches was subjected to machine gun fire at daybreak and suffered very heavily and the survivors surrendered. Except for a small portion of trenches already mentioned, which still is held by the enemy, all more than was hoped for from the operations has been gained. On the extreme left, the line has been pushed forward to a specially strong point, well beyond the limit of the advance originally contemplated. All engaged did well, but certainly the chief factor in the success was the splendid attack carried out by the Twenty-Ninth Division, whose conduct on this, as on previous occasions, was beyond praise."

Paris Reports on Success
A French official statement of this operation says:

"Since our success of June 21 the French troops have not been engaged except in special actions intended to consolidate and extend the gains realized. They have occupied several new trenches and have dug saps uniting the works conquered to those previously held. Several counter-attacks by the enemy have been repelled. On June 27 the British left, supported by our artillery, won a great success. After an intense bombardment, the British captured by assault four Turkish lines at certain points, and advanced nearly 1500 meters. They also occupied on the extreme left, an eminence on the heights of Krithia, and made 180 prisoners. A counter-attack by the enemy last night was crushed, the enemy's losses being very considerable."

REAL ESTATE CONVEYANCES
John W. A. Green, Register

Following are the conveyances in the county of Rockingham recently recorded in the Registry of Deeds:

Atkinson—Amanda J. Tuttle to Lyman L. Campbell and John W. Reagan, Haverhill, land and buildings, \$1.

JAIL SENTENCE FOR WATCH AND WARD 'DRUG SQUAD' MAN

Boston, July 1—A three months sentence in the house of correction was today imposed on Michael Carbone, 32, of 163 Washington street, North, an agent of the Watch and Ward Society "drug squad," in the East Boston court. Carbone appealed.

Edward Williams, a man of several aliases, who was arrested with him, was given the same sentence, when both were charged with violating the drug law by having drugs in their possession. Williams accepted the sentence.

The men were arrested yesterday afternoon by Patrolman Hayes of the East Boston station, who found the men acting suspiciously at the North Ferry entrance. As he approached, the men ran. He overtook them, and at the station house when searched morphine was found in their possession.

In court this morning Carbone told of being employed by the society as an agent and said that Williams gave him the drugs. Judge Brown called Secretary Chase of the society to the stand, and he explained that Carbone took the cure at the Long Island hospital from April 5 to May 5, was a reformed drug user, and that this was the only method that they had of securing evidence against other drug users.

Despite this, however, the judge imposed the three months' sentence.

NEWHALL GETS LICENSE BACK

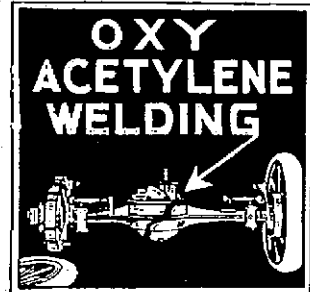

STATE BOARD SAYS HE WAS NOT
RESPONSIBLE FOR JOSHUA
HALE'S DEATH

Newburyport, July 1—The Massachusetts highway commission voted yesterday to reinstate John O. Newhall of Methuen, the operator of the automobile that caused the death of Joshua Hale of this city. When the commission learned that the accident had happened, it issued an order which suspended Newhall's license and the matter was investigated carefully by the examiners of the state board. The case was also taken to court.

The court has decided that the case was an accident and the examiner of the state board reports that the operator was not at fault. "These two facts have led the commission to take the action of yesterday and Newhall will again receive his license and be allowed to operate as if nothing had occurred. At the time he was operating he was in the employ of P. S. Mosley."

NEWBURYPORT TAX RATE GOES
UP \$1 A THOUSAND

MAY SEIZE MORE WIRELESS STATIONS

EVIDENCE THAT NEUTRALITY
RULES ARE BEING VIOLATED
IN OPERATION

RUSSIANS REPULSE EFFORT TO
BOMBARD WINDAU AND LAND
TROOPS THERE

Petrograd (via London), July 1—An attempt by German warships to bombard the port of Windau, Courland, and land troops was repulsed by the Russians, according to an official statement issued last night at headquarters of the general staff. The communication follows:

"A squadron of German ships consisting of one patrolling cruiser, four light cruisers and many torpedo boats bombarded Windau and attempted to make a landing on the coast, but was repulsed. One of the hostile torpedo boats was blown up by a mine. Our torpedo boats engaged the enemy's cruisers. Other Russian torpedo boats, protecting these operations from the north, compelled the enemy to retire. There has been a full in the Shavli region, on the Nemen and Narwa fronts and on the left bank of the Vistula."

The staff of censors was increased last week, but until the navy is given control of the wireless keys, officials contend there cannot be absolute security against violations of neutrality.

The belief of high naval officers at Washington that the Sayville station is powerful enough to communicate with submarines across the Atlantic, thus making possible the use of American territory as a base of hostile operations, is one of the influences in favor of controlling the Sayville plant.

No evidence has as yet been gathered to show that communication with submarines had ever been established.

Navy officers say, however, that submarines could receive messages when coming to the surface, although they probably could not acknowledge receipt.

"DEATH OF OLIVER OTIS
Editor and Proprietor of the Rockland,
Me., Opinion and Prominent in
Democratic Politics

Rockland, Me., July 1—Oliver Otis, editor and proprietor of the Rockland Opinion, and one of the best known weekly newspaper publishers in Maine, died suddenly today, following an operation.

He was born at Leeds in 1848, and had been engaged in newspaper work, either as printer or editor, since he was 13. He had been located at Farmington, Bangor, Augusta and Auburn before coming here in 1875. He was a member of the Legislature in 1911, and prominent in state Democratic politics.

Weather checks Italians

Rome, July 1—The official statement issued last night, at the headquarters of the Italian general staff, was as follows:

"Continued unfavorable weather conditions have imposed new obstacles which our troops surmount with unchangeable tenacity. In the mountainous part of the theatre of operations, fog has caused a slackening of the artillery action on both sides, but has permitted our adversaries to devote greater efforts to the work of fortification which, however, has been hindered by the action of small Italian detachments."

"Actions favorable to the Italians have occurred in Val Chiasso, between Castello and Cossio (thirty miles southwest of Trent), and at Porto Manazzo, in Val d'Assa. An artillery duel, in the district along the ridge of the Carnic Alps, also was favorable to us."

"Along the Isonzo front an attack by the enemy upon Italian positions east of Plava, with quick fires aided by artillery, was completely repulsed. A night attack against our positions, at Castello Nuovo on the Sagrado plateau, likewise was repulsed."

"BELLES OF SEVILLE" DRAWS BIG HOUSE THURSDAY EVENING

PORTSMOUTH THEATRE VAUDE
VILLE BILL COMPOSED OF
ALL FEATURE ACTS

In spite of the disagreeable weather on Thursday evening there was an unusually large house at the Portsmouth Theatre, but why not, with such a star headline as the Belles of Seville? For the benefit of those who were not fortunate enough to be present at that performance, perhaps it would be well to state that this is an act entirely out of the ordinary on the vaudeville stage. It is a spectacular Spanish and Oriental dance revue, featuring the beautiful Signorita Carmencita, famous as a solo dancer.

She is assisted by six real Spanish beauties, Belles of Seville of a verity. The young women are all excellent types of Spanish beauty, wonderfully graceful dancers. The Signoritas speak but little English, but they can dash their pretty black eyes, toss their sunny heads and dance with all the grace and abandon of the true Spanish woman.

The act is beautifully staged and costumed and is a true interpretation of the fashionable dances such as are danced before the royalty of Madrid. The costumes are of the genuine Spanish gala day garb, and many beautiful changes are introduced.

The last part of the feature, a Moorish dance, pictures Carmencita asleep on a divan, fanned by a slave. The stage picture is particularly charming, being of ornate oriental luxuriance, two tiers of burning incense adding the last necessary touch to transport one to some oriental midnight night's dream. Upon her awakening Carmencita bursts into a tempestuous dance that is a whirl of grace and terpsichorean skill. It is a very high class feature and portrays faithfully the dances of Spain and oriental countries, which are refreshingly enjoyable after a surfeit of lingoing and fox trotting.

Another big feature of the vaudeville bill is the comedy skit entitled, "Waiting for Father," presented by Wesley and White. It is a scream and several catchy songs as well as much witty talk is introduced.

"At the Movies," a comedy singing and talking pantomime presented by Dorothy and Evenden, caused a big hit and resulted in much applause and other demonstrations of approval by the audience.

It is Manager Hartford's intention to make Fourth of July week a banner one at this popular playhouse and he therefore has secured several "big time" acts for this engagement. The picture program will also be of the usual high class variety.

DOESN'T TROUBLE NEW HAMPSHIRE VERY MUCH

Dr. George W. Melys, chairman of the State Fish and Game Commission in Massachusetts, declared yesterday that street oil used on highways to lay the dust is the latest foe of the fish in the Bay State streams. The liquid used in this oil is deadly to the fish and is decreasing the number considerably.

The doctor claims that the ruins wash the oil into the brooks along the highways and that the fish are immediately poisoned. He deplored yesterday that Massachusetts had more miles of fishing streams and ponds than any other state in the union, but that its streams are more polluted than elsewhere in this country.

New Hampshire has experienced but little difficulty from this source. There are few streams which run along the state boulevards.

Cheapest accident insurance—Dr. Thomas' Electric Oil. For burns, scalds, cuts and emergencies. All druggists sell it, 25c and 50c.

Do You Throw Your Money Away?

If you do not, save it by bringing your old clothes to us to be renewed and repaired. We can many times give you an extra year's wear out of a suit you consider hopeless. THROWN FROM MOTOR CAR AND KILLED

Portsmouth Man Meets Death
at West Kennebunk on
Thursday.

Michael Reed of this city was killed on the tracks of the Boston and Maine railroad near West Kennebunk on Thursday. Reed was employed as a section hand and with a dozen more men was riding past on a motor driven section car when the accident happened. In some manner one of the track bars on the car became dislodged and fell to the ground in such a way that one end of it struck him and forced him off the car. The car passed over his body before the men on the car could bring it to a stop, regardless of the fact that it was moving at less than 15 miles an hour.

Medical aid was summoned but nothing could be done and the unfortunate man died in less than thirty minutes. Both legs were broken and he was badly injured internally.

Reed was 43 years of age and besides a wife leaves a 14 year old daughter in Italy. His body arrived here on the Boston express Thursday night for burial.

at the entrance and exit of one-way streets. The signs are just what has been needed and are large and plain enough for the drivers of all vehicles to see. There should be no reason for any confusion in the future. Now a few markers at the dangerous points of streets, and more thanks will be coming to the Board from the general public.

ADDITIONAL WORK.

Will Look After B. & M. Between Dover and Exeter.

Beginning on July 1, Roadmaster Charles W. Lewis of the Boston & Maine, with headquarters in this city, was assigned to more territory on the Portland Division and will have supervision over all track work between Dover and Exeter, making nearly 200 miles under his care.

This puts him in direct charge of all section men and tracks on the Portland Division between Exeter and Portland over the western route, and between this city and Portland over the eastern route, including the Dover, York Beach, Kennebunkport, Old Orchard branches and the Portsmouth Electric street railway.

It is evident that the department of maintenance of the Boston and Maine has a very valuable man in Mr. Lewis as the company has from time to time added to his responsibilities by placing him in charge of all work on the eastern end of the line, with the exception of the Conway branch. It is safe to say that the territory under his supervision equals that of any on the entire system and is certainly a credit to himself and the several hundred men working under his direction.

NEARLY LOST HIS LIFE

Prisoner Escapes From South-
ery—Frightened by Tide
He Cries for Help.

For the first time in many months one of the prisoners of the detention ship Southern, at the navy yard, on Thursday night escaped, and if it had not been for fright he might have been enjoying his freedom. He worked his escape by stripping the lashings from his hammock, which he tied together, made one end fast on the deck and passed the other end out through a gun port. He then slid down the rope to the water and put out in his night clothes for the Kittery shore. He had been swimming but a short time when the swift moving current swept him up stream regardless of his hard effort to make the shore. This alarmed him as he tossed around in the eddy and fearing he would drown he cried out for help. The guard aboard ship thinking it was a civilian in the water, quickly lowered a boat and was surprised when they picked up the man to discover he was an escaped prisoner. He was in bad shape from exposure and his battle with the tide and the rescue made by the marines was a timely one. A few minutes more and he would have gone to a watery grave.

Portsmouth will do her part on Independence Day.

For ladies as well as for men we sell a real waterproof garment—"The Universal." Very smart are both the ladies' and the men's model, Raglan shoulder and military collar. A splendid fitting coat, something which cannot always be said of a raincoat. \$6.50, \$10.00, \$15.00. Then we have lots of other kinds beginning with the rubberized "slip-ons" at \$5.00.

BUTLER & MARSHALL,
5 MARKET ST.

MAKE IT A BIG ONE.

Hand Over Your Wood for
the Big Fire on the
Playground.

The committee on the coming celebration are anxious to make the bonfire to be touched off at 12 o'clock on Sunday night, the biggest in years and will take care of anything from an ash barrel to woodshed.

Not only any of the committee or Rufus Woods, truckman, that you have something to add to the big blaze and they will do the rest. Only a short time remains to get the big pile ready and there should be no delay in getting the material to the playground.

OPEN EVENINGS

JUSTICE SPEAKS FOR WOMANHOOD

If American men believe in democracy, if they believe in the women who are their comrades and companions in life, who make their homes happy, who make their lives successful, who stand by them faithfully in every emergency of life, they will register their verdict—a verdict that will stand for all time—that in the eyes of an American freeman the dignity of American womanhood stands side by side and the equal of the dignity of American manhood. Not man above woman, nor woman above man, but man and woman side by side, comrades and companions through life's journey, and God over all and for all forever.—Charles L. Guy, Justice New York Supreme Court.
